PART III - NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-CEN, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

New Fortress Energy Inc. (the "Company") is working diligently and plans to file its Quarterly Report on Form 10-Q for the three months ended March 31, 2025 (the "Quarterly Report") as soon as practicable. The Company believes it is appropriate to file for an extension of the filing of the Quarterly Report due to a delay in completing the previously announced disposition of the Company's business in Jamaica, which is expected to close in the near term, as well as the resignation of our Chief Accounting Officer effective April 29, 2025. The significant demands related to the disposition and the transition of responsibilities to our new Chief Accounting Officer have diverted time and resources from the Company's normal process of preparing and reviewing both the financial and non-financial sections of the Quarterly Report. As a result, the Company has determined that it is unable, without unreasonable effort or expense, to file its Quarterly Report within the prescribed time period. The Company intends to file the Quarterly report within the five-day extension period.

If answer is no, identify report(s). Yes No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company is still completing its financial statement close process for the Form 10-Q given the reasons noted in Part III above. Form 12b-25 requires that the Company disclose any significant changes from the first quarter of fiscal year 2025 compared to the corresponding period of 2024. The Company's revenue from terminal operations have been largely unchanged since the first quarter of 2024, except for revenue attributable to the temporary power project in Puerto Rico. As we have previously disclosed, the Company sold the emergency power plants to the Puerto Rico Electric Power Authority in March 2024 and no longer recognizes revenue from the temporary power project. We are pursuing, as previously disclosed, a request for equitable adjustment related to the early termination of the temporary power project.

Cautionary Note Regarding Forward-Looking Statements

This Form 12b-25 contains certain statements and information that may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All statements contained in this Form 12b-25 (including, without limitation, statements regarding the anticipated timing of the filing of the Quarterly Report and the Company's expected results for the three months ending March 31, 2025) other than historical

information, are forward-looking statements that involve known and unknown risks and relate to future events, the Company's future financial performance or the Company's projected business results. You can identify these forward-looking statements by the use of forward-looking words such as "expects," "may," "will," "approximately," "predicts," "intends," "plans," "estimates," "anticipates," or the negative version of those words or other comparable words. It is uncertain whether any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do, what impact they will have on the results of operations and financial condition or the stock prices of the Company. These forward-looking statements represent the Company's expectations or beliefs concerning future events, and it is possible that the results described herein will not be achieved. These forward-looking statements are necessarily estimates based upon current information and are subject to risks, uncertainties and other factors, many of which are outside of the Company's control, that could cause actual results to differ materially from the results discussed in the forward-looking statements. Any forward-looking statement speaks only as of the date on which it is made, and, except as required by law, the Company does not undertake any obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. New factors emerge from time to time, and it is not possible for the Company to predict all such factors. When considering these forward-looking statements, you should keep in mind the risk factors and other cautionary statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2024, quarterly and other reports filed with the Securities and Exchange Commission, which could cause its actual results to differ materially from those contained in any forward-looking statement. The Company undertakes no duty to update these forward-looking statements, even though its situation may change in the future.
